## The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache, neuralgia and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."

MRS. JOE MERRILL, Peru, Ind.  
Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.  
Miles Medical Co., Elkhart, Ind.

## COMMAND SITUATION

MUTINEERS IN COMPLETE CONTROL OF THE IMPORTANT CITY OF SAMARA.

### MAY PROCLAIM A REPUBLIC

REVOLUTIONISTS MAY SEIZE THE PRESENT OPPORTUNITY TO FURTHER THEIR AIMS.

St. Petersburg, July 6.—Dispatches received here from Samara state that two regiments garrisoning that important provincial capital have mutinied and presented a series of political and service demands. The officers promised to satisfy the service demands if the mutineers would return to duty; but the men replied that they would be satisfied only with compliance with all of their demands. The mutineers command the situation, but are not indulging in excesses. The situation is complicated by the fact that in Samara the revolutionists are pushing a movement to proclaim a republic in case a general strike is declared and may seize the present opportunity to further their aims. The ferment among the soldiers and sailors at Odessa and Sebastopol continues.

No inkling of the reported rioting and pillaging at Vladivostok has reached the Russian public, but the military authorities who control the telegraph would be able to withhold for days any news of such conditions. The executions at Harbin in connection with the revolutionary movement, it is said, number 300.

### PREMIER ANXIOUS TO RETIRE.

Goremykin Says He Would Like to Be Relieved.

St. Petersburg, July 6.—The council of the empire spent the day in discussing rules of order. The relative strength of the liberal and reactionaries was shown on the question to deny the right to members of the council to present popular demands, which was rejected after a warm debate.

The treatment of the bill for abrogation of the death penalty was the subject of general discussion in the lobby of the lower house. The general impression is that the bill will require some modifications, the exact nature of which will be discussed at a caucus of the Constitutional Democrats Monday next. There is much sentiment in favor of a measure restricting the practically unlimited right of governor generals to order of fenders to be tried by military courts, allowing this to be done only in time of actual armed uprising.

Premier Goremykin and all the members of the ministry except M. Stolypin were present at the day's sitting of the council. The tone of their remarks tended to confirm the Reich's surmise that the fall of the ministry has been postponed on account of the refusal of the Constitutional Democrats to participate in a coalition cabinet. Premier Goremykin reiterated in private conversation the statement that he was anxious to retire.

### Method of the Government.

The method the government is adopting to counteract the revolutionary spirit among the workmen is illustrated by a proclamation issued by the prefect of police of Moscow. While prohibiting under heavy penalty open air meetings, the carrying of arms and the inciting of strikes, it orders employers of manual artisans, such as bakers, carpenters and shoemakers, to introduce the ten-hour day instead of the twelve-hour day, not to require Sunday labor, and to improve the food and lodgings of employees, under the same penalties as are invoked against the workmen.

Police activity against the "patriots" who are trying to incite anti-Jewish uprisings is reported from various sections of the country. The local authorities evidently have taken warning from the change in sentiment in official circles at St. Petersburg since publicity was given to the Bialystok events. The policeman of Bialystok who was caught firing the revolver shots which were ascribed to Jewish revolutionists, precipitating a renewal of the massacre there, has been dismissed from the service. He pleaded that he was drunk at the time and had no intention of provoking a renewal of the excesses.

### Capitalist's Son Drowned.

Ashland, N. H., July 6.—H. McK. Twombly, Jr., eighteen years old, and the only son of H. McK. Twombly, the New York capitalist, was drowned while swimming in Big Squam lake, Holderness, N. H. The body was recovered. Twombly's mother was a daughter of the late William H. Vanderbilt.

## NAVAL RESERVES DROWNED.

Inexperienced Sailors Perish in the Lake at Chicago.

Chicago, July 6.—Four members of the First division of the Illinois naval reserves were drowned at night while practicing rowing in Lake Michigan. The boys who were drowned were out for a rowing cruise in the "dingy." With the exception of one of them all were inexperienced and through some unexplained reason the boat was overturned and all were thrown into the water. The men drowned are: Seamen O'Carroll, Chron, Primes and Schiepan.

At the time of the accident there were six men in the boat, but two of them were rescued by the life saving crew.

Seaman Primes came to Chicago from Baltimore recently. His body was recovered shortly after the accident. Search is being made for the bodies of the other three boys but up to a late hour no trace of them had been found.

The accident happened near midnight at the foot of Washington street. The men had been practicing rowing for two hours in the basin and then endeavored to fix the sails. While engaged in this a squall struck the "dingy" and in the excitement that followed, all of the men with the exception of the coxswain being inexperienced, the boat was overturned. The cries of the men for help were heard on the pier and in ten minutes the lifesaving crew was on the scene. Two of the men were found clinging to the upturned boat, but the others had been drowned.

All the men drowned were new recruits.

## ATTACK OF ASTHMA

FORMER PRESIDENT GROVER CLEVELAND ILL AT HIS PRINCETON HOME.

Princeton, N. J., July 6.—Former President Grover Cleveland is ill at his home here, but how seriously is not positively known outside the family circle. A telephone message from the Cleveland home gave the information that he was resting easy.

Mr. Cleveland became ill at his summer home in New England and decided to come to Princeton and arrived Wednesday night.

It was learned late at night that Mr. Cleveland is suffering from an attack of asthma, to which he is subject. His condition is not serious.

Chicago, July 6.—A telegram has been received here stating that Former President Grover Cleveland is sick at his home in Princeton and will be unable to come West, as he had intended. Mr. Cleveland and James H. Eckles, former comptroller of the currency, had planned a fishing trip in Wisconsin.

### PARLIAMENT SURPRISED.

Sir Edward Grey Says Situation in Egypt Is Threatening.

London, July 6.—Parliament and the country were given a surprise by a sensational speech by Sir Edward Grey, the foreign secretary, on the situation in Egypt. An interesting debate on foreign affairs had been anticipated when the house of commons took up the foreign estimates, but on account of Russia and the Congo, rather than Egypt. All other subjects, however, were temporarily forgotten when the house realized the momentous character of Sir Edward Grey's deliverance with regard to Egypt.

Speaking in a solemn tone and amid a tense silence, the minister declared that the recent attacks on British officers was a deliberate manifestation of fanatical spirit, which had necessitated the strengthening of the garrison in Egypt, and declared that unless the authority of Lord Cromer and the Egyptian government is strongly upheld it might lead to a situation requiring the adoption of stern measures.

### Aged Man Killed.

Melrose, Minn., July 6.—The Fourth was marred by a tragedy here, the result of an argument. Frank Bonsall, thirty years old, a local prizefighter, struck and killed Michael O'Connor, a man seventy years of age. O'Connor was a retired farmer quite well off. Bonsall was arrested.

### Prominent Man a Suicide.

Kansas City, Mo., July 6.—Benjamin F. Burd, aged forty-six years, for eighteen years prominent in business affairs here, committed suicide in his private office at 717 Wyandotte street. He was despondent over financial and domestic troubles, it is said.

### Bids for Panama Canal Bonds.

Washington, July 6.—Secretary Shaw is in receipt of about 100 offers for small blocks of the Panama canal fund bonds, \$20,000,000 of which he offered last Monday for popular subscription. It is not expected there will be the least difficulty in disposing of the bonds.

## MAY BE PEACEMAKER

UNITED STATES LIKELY TO SETTLE TROUBLE BETWEEN SALVADOR AND GUATEMALA.

### TO ARBITRATE DIFFERENCES

CENTRAL AMERICAN REPUBLICS WILL AMICABLY ADJUST THE POINTS IN DISPUTE.

Washington, July 6.—Again the United States will probably figure as a peacemaker. Guatemala and Salvador are making overtures for the arbitration of their troubles resulting from the alleged activity of Salvador in support of the revolutionary movement against President Cabrera of Guatemala and it is likely that the United States will be selected as the country in which the board of arbitration will meet.

The state department has been advised of the desire of the two countries, which are almost at the point of making war against each other, to have their differences settled by arbitration and although formal negotiations have not been made as yet, there seems to be but little doubt that an amicable settlement of the points of difference will be finally effected through arbitration.

At the first intimation of outside interference in Guatemalan affairs the state department sent the Marblehead from Panama to prevent meddling and Mexico and the United States both made it clear that they would look with disfavor upon any combination of Central American powers to overthrow President Cabrera of Guatemala. Salvador then appointed J. R. Paez as a special envoy to present the Salvadorean position to American authorities and prevent any serious complications.

Guatemala has complained bitterly to the United States of the conduct of Salvador and charges that the latter government has taken every means to forward the cause of the revolutionary general, Barillas, and to hasten the downfall of President Cabrera.

### WIN LARGE SUMS OF MONEY.

Wire-Tappers Change Result of Races at Windsor, Ont.

Windsor, Ont., July 6.—A gang of wire-tappers cut in on the Windsor racetrack wire and intercepted and changed the result of the second race. Confederates in Cincinnati, Chicago, Louisville and other cities all over the country won large sums of money on the horse sent over the wires as the winner of the race. An attempt to make another haul on the third race was frustrated by the operator at the racetrack, who discovered that some one had tampered with the wire.

### DEED OF JEALOUS LOVER.

Iowa Farmer Kills His Sweetheart and Himself.

Des Moines, Ia., July 6.—At the close of a dance at Manning, Ia., early in the morning, Ernest Koehnke, a young farmer, shot and instantly killed eighteen-year-old Lucy Fisher and then ended his own life. Miss Fisher was the daughter of a wealthy farmer. She discouraged Koehnke's attentions. He became insanely jealous and concealed himself in the grass near her home and shot her just as she parted from the neighbors who had accompanied her from the dance.

### WITNESSES DECAPITATED.

Bodies of Seven Found Outside the Fortress at Kars.

Kars, Transcaucasia, July 6.—The decapitated bodies of seven Mussulmans who had been summoned to appear as witnesses at the investigation into the inter-racial troubles have been found outside the fortress. It is feared that this will provoke reprisals against Armenians.

### FOUR MEN DROWNED.

Overloaded Boat Sinks in St. Johns River.

Jacksonville, Fla., July 6.—Four men were drowned in St. Johns river at a late hour at night in attempting to cross the river in a small rowboat. There were six employees of the Armour fertilizer factory in the boat, overloading it and it sank.

### Wife of Conan Doyle Dead.

London, July 6.—Lady Doyle, wife of Sir Arthur Conan Doyle, is dead. Sir Conan Doyle married in 1886 Louisa, youngest daughter of J. Hawkins, Ministerworth, Gloucestershire.

### Machine Works Badly Damaged.

Corinth, Miss., July 6.—A portion of the Adams machine works was destroyed by fire here. Loss, estimated at \$150,000.

The Socialists of Idaho in convention at Boise nominated a state ticket headed by Thomas F. Kelley for governor.

George W. Housholder, who started the first evening paper in Kansas City, is dead at his home in Kansas City, aged eighty-one.  
Monsignore Joseph Hasson, aged seventy-six years, rector of St. John of Nepomuk church, and one of the most eminent Roman Catholic clergymen in America, is dead at St. Louis.

## Cooper's Medicines

### In Great Demand

The remarkable demand for the New Discovery medicines with which L. T. Cooper has been having such wonderful success in the cure of Stomach and Kidney troubles, Catarrh, Rheumatism and other diseases seems to increase every day. His visit in New Orleans for the past few weeks has created a sensation in the South, the like of which has never been known.

His remedies are well known in this section of the country, and the famous cures which they have effected in St. Louis, Milwaukee, St. Paul, Minneapolis, and other large cities of the central western states are well remembered. The retail druggists say they have never known any medicines for which there was such a constant demand and the continued reports of marvelous cures that are being published everywhere are a topic of universal interest.

The newspapers of New Orleans are still printing interviews with those whose cases are most extraordinary and as this, the last week of Cooper's visit draws to a close, the excitement seems to have increased rather than abated.

One case in particular that has attracted especial attention during the past few days is that of Mr. Leon Labusquiere, 1014 Burgundy St., New Orleans, who has been sick for fifteen years and had doctored for various diseases without result. There was a bright twinkle in the man's eye and a radiant smile on his face as he greeted his interviewer the other day, which seemed to bespeak anything but poor health. "I shall be pleased to state my experience," he said, in answer to a request, "for my case has been a most remarkable one, and I am glad of the opportunity to tell the

public what these wonderful medicines have done for me. My suffering for the past fifteen years has been more than I can describe, for during all that time I have seldom had a well day. My appetite was very irregular. Sometimes I could not get enough to eat and at other times the very sight of food would make me sick. I suffered greatly from constipation. I did not seem to get any strength from what I ate, was always tired, and the slightest exertion would wear me out completely. It was a great effort for me to attend to my duties. I was very nervous and at night I could not rest well. I would wake up in the morning feeling as tired as when I went to bed. There were few days that I did not have a dreadful headache and times would have queer dizzy spells. I thought for a time that I had Catarrh and doctored for it, but without relief.

Nothing I could do seemed to benefit me, and when I began to hear of the wonderful success Cooper was having with his medicines in the treatment of cases similar to mine, I began using his medicines.

After I had taken his New Discovery medicine only a few days a horrible tapeworm of enormous size passed from my system and then I knew what had been causing me all this trouble. From that time I improved rapidly and now feel well and strong again. I will gladly give any information I can to any one who is suffering as I was."

The sale of Cooper's medicine in Brainerd has been phenomenal and at H. P. Dunn & Co.'s drug store, where the remedies are sold in this city, it is said that some very remarkable cures have been reported right here at home.

## SUMMER SCHOOL

NOW IN SESSION

Training School Opened Yesterday with a Good Attendance Much Interest Shown

NINETY TEACHERS ENROLLED

Corps of Instructors is an Able One and the Teachers Present Doing Good Work

The summer training school for teachers opened in the Washington school building in this city under the personal direction of County Superintendent J. A. Wilson.

The educational work is done under the supervision of Andrew Nelson, superintendent of schools of Austin, Minn. Mr. Nelson is a graduate of the state university and a man of wide experience in educational affairs. Under his skillful management the school has already settled down to thorough and systematic work, which speaks well for the success of the school. With Mr. Nelson in charge everybody in connection with the school will either do good work or get out. He believes that the school should be an active factor in furnishing the schools of this and adjoining counties with skillful teachers.

Miss Burrall, who has charge of the model classes, is a marvel of energy and enthusiasm. She needs no introduction as she had charge of the same work here last year. The department appointed Mr. Nelson and Miss Burrall to this school at the special request of County Supt. Wilson.

Prof. Payne, Supt. of Long Prairie schools is in charge of arithmetic and civics and geometry. He is a graduate of Hamline University and has made for himself a good reputation as an educational man.

P. M. Larson, Supt. of the Cross Lake schools, is in charge of the music, geography, and history. He is a graduate of the State Normal school. Both Mr. Payne and Mr. Larson are with us for the first time. They have already made a good impression and have made friends in the school.

Ninety teachers have enrolled, 69 giving Brainerd as their postoffice address, Deerwood 2, Pillager 1, Cass Lake 1, Hackensack 1, Motley 1, Fort Ripley 2, Hay Point 1, Garrison 1, Pontaria 3, Bemidji 1, Klondike 1, Dorris 1, Laporte 3, Nary 1, Crow Wing 1.

The state legislature at the last session made civics a second grade subject. This made a rush for the class in civics, over fifty asking for instruction in that subject, making it necessary to form two classes.

The daily sessions open at 7:45 a. m. The public assembly is at 9:25, at which time visitors, who are welcome, can see the school in a body and hear the singing conducted by Prof. Larson.

School boards are advised that by visiting this school they can see who are most promising and energetic teachers and they will thus enable to select the best teachers to be had. The good teachers always find their way to the summer training school.

W. R. Ball, Supt. of Park Rapids, visited the school today in the interests of School Education, an educational journal published in Minneapolis.

G. B. Burhans testifies after four years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am entirely cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." ## PORTRAIT OF COL. LIGGETT

Col. Thorpe Working on Portrait to be Given to a Club of Chicago Stock by Liggett's Friends.

Col. Freeman Thorpe was in the city today. He was on his way home from Minneapolis where he had been working on a portrait of Col. Liggett, dean and director of the agricultural department of the University of Minnesota. The portrait is to be presented by the agricultural college and its friends to a club of stock men in Chicago.

During the sittings a curious coincidence transpired. While Col. Thorpe and Col. Liggett had never met before they found that in 1884 during the riots in Cincinnati, Col. Liggett was Lieutenant Colonel of the 14th Ohio National guards and Col. Thorpe was in the city only a few blocks away in command of the 5th regiment. They saw nothing of each other there only to meet out here so many years after.

## VERY LARGE FUNERAL

Large Number of Friends and Neighbors Follow Remains of Mrs. Barbhr to Their Last Resting Place

The funeral of Mrs. N. E. Barber took place this forenoon, the exercises at the house being held at 10 o'clock and at the First Baptist church at 10:30. The services at the church were conducted by Rev. J. F. McLeod and Rev. A. P. Garrett. The Modern Brotherhood of America, of which she was a member turned out in a body. There were numerous and handsome floral tributes and a large number of carriages in the procession. The interment was in Evergreen cemetery.

## Was in Poor Health for Years

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." ## MUSIC AND DRAMA.

### "A MESSAGE FROM MARS."

The advance sale for "A Message from Mars" opens tomorrow morning at H. P. Dunn Co.'s at 10 o'clock. Prices \$1.50, \$1.75 and 60. The Seattle Daily Times of May 31, has the following to say regarding the play:

"A Message from Mars," which opened at the Seattle last night, proved an all-round surprise to local play-goers. In the first place the business was a surprise, the house being packed to the doors and hundreds turned away. In the second place the comedy, though it had come with a big Eastern and London reputation, proved a surprise in its novelty of theme and ingenious scenic treatment; and in the third place, the company, about which previous doubts had centered, proved a most agreeable surprise. The cast is in many respects admirable.

"The play made an unqualified hit last night. The audience for some reason or other—and it is only fair to attribute it to the performance—was far more wide awake and appreciative than usual, and it was one of the most demonstrative houses gathered in a local playhouse in years. Every point was taken up from start to finish, and there were curtain calls on the first act and curtain calls on the last act.

"David Proctor, who appeared here two years at the Grand as Cutting in 'Harriet's Honeymoon,' with Mary Manning, is the star of the present production, and fills the Hawtrey role very acceptably. He assumes very cleverly the petulance and the good natured egotism of the character, and his conception of the man as being to a great degree on the order of a spoiled child, who looks first to his own ways and his own pleasures, seems to be the correct one.

"Cyril Young, as the tramp, and Henry J. Hadfield, as the messenger from Mars, are both Hawtrey originals and both are highly clever. Their portrayals will leave an impression that will be vivid for some time to come. The women of the cast are not particularly forceful, though Elizabeth Valentine as the heroine acted very sincerely. The juvenile actors were good and the scenic effects all that could be asked. The piece, despite its teaching of a strong moral lesson, is full of laughs. It will be repeated tonight, Friday night and twice on Saturday, and the advance sale is very large."

## CONFLICTING STORIES

TOLD ABOUT AN AFFIDAVIT REPORTED TO HAVE BEEN MADE BY EVELYN NESSBIT.

## BREACH OF PROMISE SUIT

RUMORED THAT SHE INTENDED TO BRING ONE AGAINST HARRY K. THAW.

New York, July 6.—Conflicting stories as to the existence or non-existence of an affidavit made by Evelyn Nesbit in a breach of promise suit which it is alleged she took steps to bring against Harry Kendall Thaw prior to her trip to Europe, and marriage to him later, were told here by persons interested in the investigation of the Thaw-White murder.

Assistant District Attorney Garvan was quoted as saying that there was no truth in the story that he expected to come into possession of the alleged affidavit and further that he had no reason to believe such a paper existed.

Counsel for Harry Thaw and Mrs. Thaw herself added their denials to the report that there had ever been such an affidavit made or contemplated. The reports were said to have been circulated by some enemy of Thaw and to be wholly untrue.

Later a detective who had been engaged by Stanford White to shadow Harry Thaw was examined by Mr. Garvan and said he had submitted his reports to Howe & Hummel and Delancy Nichol, attorneys.

Following this came a statement attributed to the district attorney's office that it was known there that Evelyn Nesbit had visited the office of Howe & Hummel; that she did have a consultation with Mr. Hummel and it is alleged that the affidavit in question was the result of that interview, the case being Mr. Hummel's personal matter and not a part of the office business.

It was further stated that while the district attorney's office had learned the affidavit was really made, it had been destroyed upon the reconciliation of Miss Nesbit and young Thaw.

There was a further report current that the district attorney's office had

been informed that a record of the alleged affidavit is available and that it will play a prominent part in Thaw's trial.

## BREAKS ALL RECORDS.

Death Roll for July Fourth Fifty Per Cent Greater Than Last Year.

Chicago, July 6.—Death broke all records in its harvest in the Independence day celebration. With toy pistols and toy cannon and various implements of destruction which are manufactured for Young America to vent his joy the specter cut a wide swath and many fell either killed outright or maimed for the remainder of their lives.

Complete returns from all sections of the United States, as far as obtainable, place the total dead at 49 and total injured at 2,320, as compared with the totals of 33 dead and 2,789 injured last year.

While the immediate death roll is 50 per cent greater than that of a year ago it will be but an infinitesimal part of those who will lose their lives. For last year, when lockjaw and other diseases induced by injuries had completed their work, more than 400 lives had been sacrificed.

## Mangled by an Explosion.

Deadwood, S. D., July 6.—The torn and mangled bodies of Peter Barri and Peter Reano were found Thursday on Bald mountain. They had been missing since the night of July 3. With several other boys they went up on the mountain to put off dynamite in honor of the Fourth. Before midnight the others returned home, leaving Barri and Reano to fire the last shot. They failed to get away soon enough. Their bodies were scattered over a distance of 100 yards.

## Will Quit State Supreme Bench.

Fargo, N. D., July 6.—Justice Young of the supreme court has tendered his resignation, to become effective Aug. 15. This is after the date of all the state conventions and will give Governor Seales an opportunity to name the nominee of the Republican convention for the unexpired term.

## Wounds Her Husband.

East St. Louis, Ill., July 6.—Mrs. Maud Deaso shot her husband, Peter Deaso, twice through the head here, mortally wounding him, because, she declared, he had threatened to kill her with a hatchet and was preparing to leave her for a former divorced wife.

## Clear Field for Tillman.

Columbia, S. C., July 6.—Colonel W. W. Lumpkin has withdrawn from the race for United States senator. This leaves the field clear for Senator Tillman's re-election.

## ROOSEVELT WILL NOT PRESIDE.

President Will Not Attend Reception to Bryan.

Oyster Bay, N. Y., July 6.—President Roosevelt will not preside at the reception the Commercial Travelers' Anti-Trust League is to tender to William J. Bryan at Madison Square Garden on Mr. Bryan's return from his trip around the world Aug. 19.

The letter of William Hoge, president of the league, inviting President Roosevelt to officiate and emphasizing the non-partisan character of the organization and its belief that the president is as much an enemy of the trusts as Mr. Bryan, was received and answered by Secretary Loeb.

The president had determined some time ago to refuse all proffered engagements during the summer and Secretary Loeb needed no further consultation in sending a declination.

In accordance with time-honored custom President Roosevelt will cable his hearty congratulations to the royal family of Germany on the birth of an heir to the throne. This message will be in response to an official notification which will later proceed from the German capital to the nations of the world. If the president's message is made public it will be by the recipients.

The president received no callers, but spent a busy two hours with Secretary Loeb and his mail.

## RECESS APPOINTMENTS.

Number of Northwestern Officials Included in List.

Oyster Bay, L. I., July 6.—President Roosevelt has signed commissions for the following recess appointments: James Wickersham of Alaska, to be judge of the district court of the Third division of the district of Alaska; William N. Bristol, United States attorney for the district of Oregon; James B. Elliott, United States attorney for the district of South Dakota; Henry G. McCrossen, receiver of public money at Wausau, Wis., and Samuel W. Campbell, Indian agent at La Pointe, Wis.

## Spanish Cabinet Resigns.

Madrid, July 6.—The cabinet has resigned and King Alfonso has charged General Lopez Dominguez to form a new ministry. General Lopez Dominguez is the president of the Spanish senate.

## Wellman Sails for Spitzbergen.

Tromsø, Norway, July 6.—The Wellman-Chicago Record-Herald Arctic expedition has sailed on the steamer Frithjof for Spitzbergen. Mr. Wellman is on the Frithjof with his principal assistants.

## American Wins Swimming Race.

London, July 3.—The Bath club international swimming contests were held Monday at Dover. In the 120-yards scratch C. M. Daniels of New York won by one and one-half yards in 1 minute, 12 seconds, beating the Australian Cavill's record by one-fifth of a second.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
